Case: SFPD # 180250731

Author: Sergeant Ken MacDonald #7

The following information is based on multiple reports from two agencies. On the morning of 04/03/2018, San Francisco Police and SF Department of Public Works contacted trespassers who took up residence under the freeway in the area of Delancey Street / Federal St / Bryant Street. During this contact, Dustin Hamilton (12/11/1973, CII# 12209737) is suspected of spraying a DPW employee with a chemical and subsequently fled the scene. On 04/04/2018, Hamilton's parents reported a burglary in San Jose, Ca (San Jose Log # 180940959). The parents reported that Hamilton had stolen a shotgun, and had possibly stolen two additional firearms (a rifle and handgun). Hamilton left a letter at his parents home, advising them that he took the shotgun to protect himself from search and seizure and "homeless attacks." Later in the letter, Hamilton wrote that someone will die by his hands and he will "take many" out. Hamilton also threatened to take his own life. Throughout the letter, Hamilton expresses anger and frustration directed towards San Francisco Police and other San Francisco City Agencies. The letter is dated 04/03/2018 (Late evening).

Hamilton has two felony warrants in the system (SF Warrant # 782921, No Bail / W# 782922, \$45,000). He is known to loiter in the area of 7th and Market. We received information that Hamilton has long been homeless and resided under the freeway on Delancey Street / Federal St (Under the arches and beyond the fence, possibly in a tunnel hidden under plywood and debris). Use extreme caution when approaching these types of encampments, as Hamilton expressed anger for being contacted by police for residing under the freeway, and he is now likely armed. If Hamilton located, arrest and contact Sergeant Ken MacDonald #787 (San Francisco Police Special Investigations, Desk: 415-553-7911, Office: 415-553-1133 or 415-553-1071 after hours).

Dustin Hamilton is a white male, 6'00", 145 lbs with brown eyes brown hair. He has a scar on the left side of his face.
